

DID YOU KNOW

that **First Nations People** Suffer from the Highest Known Prevalence of **Rheumatoid Arthritis (RA)** in the World?

COMPLIMENTARY WORKSHOP ON ADVANCES IN INFLAMMATORY ARTHRITIS CARE

The Aboriginal Nurses Association of Canada invites you to join us in learning how to improve care of aboriginal patients suffering from Inflammatory Arthritis by attending this workshop, lead by Canadian experts and researchers.

DATE: October 3rd, 2014
TIME: From 12:00 pm to 4:30 pm
LOCATION: Hilton Winnipeg Airport Suites
Winnipeg, MB

This context specific and culturally sensitive workshop will inspire your nursing practice.

Learning Objectives

In this workshop, you will:

- advance your skills on the triage of patients with inflammatory arthritis;
- learn about pharmacological and holistic treatments of patients with inflammatory arthritis;
- equip yourself with collective wisdom, practical tips and workable ideas to improve patient care and treatment outcomes.

Moderator

Dr. R. Lisa Bourque-Bearskin, RN, MN, PhD
President ANAC
